

## Contents

- Banks JS, Bordes G, Le Breton M: Covering relations, closest orderings and hamiltonian bypaths in tournaments 355
- Bartholdi III JJ, Narasimhan LS, Tovey CA: Recognizing majority-rule equilibrium in spatial voting games 183
- Bartholdi III JJ, Orlin JB: Single transferable vote resists strategic voting 341
- Blackorby C, Donaldson D: Normative population theory. A comment 261
- Börgers T: Undominated strategies and coordination in normal form games 65
- Bordes G → Banks JS 355
- Bossert W: On intra- and interpersonal utility comparisons 207
- Chakravorti B: Strategy space reduction for feasible implementation of Walrasian performance 235
- Chichilnisky G: Social choice and the closed convergence topology 307
- Dasgupta M, Deb R: Fuzzy choice functions 171
- Deb R → Dasgupta M 171
- Deemen AMA van: A note on generalized stable sets 255
- Donaldson D → Blackorby C 261
- Hammond PJ: Independence of irrelevant interpersonal comparisons 1
- Kelly JS: 9. Symmetry groups 89
- Kelly JS: Social choice bibliography 97
- Kelly JS: 10. Craven's conjecture 269
- Kolpin V.: Mixed effectivity and the essence of stability 51
- Laffond G, Laslier J-F: Slater's winners of a tournament may not be in the Banks set 365
- Laslier J-F → Laffond G 365
- Le Breton M → Banks JS 355
- Loehman E: Alternative measures of benefit for nonmarket goods which are substitutes or complements for market goods 275
- Moreno D, Walker M: Nonmanipulable voting schemes when participants' interests are partially decomposable 221
- Nagahisa R-i: Acyclic and continuous social choice in  $T_1$  connected spaces. Including its application to economic environments 319
- Narasimhan LS → Bartholdi III JJ 183
- Ng Y-K: Should we be very cautious or extremely cautious on measures that may involve our destruction? On the finiteness of our expected welfare 79
- Orlin JB → Bartholdi III JJ 341
- Saari DG: Relationship admitting families of candidates 21
- Sjöström T: On the necessary and sufficient conditions for Nash implementation 333
- Suzumura K: On the voluntary exchange of libertarian rights 199
- Tovey CA → Bartholdi III JJ 183
- Walker M → Moreno D 221
- Zhou L: Inefficiency of strategy-proof allocation mechanisms in pure exchange economies 247
- Indexed in *Current Contents* and *Journal of Economic Literature*
